SHIPPING 2018

**CMA SHIPPING 2018**  
in Stamford, Connecticut  
March 12-14, 2018

This high level conference examines the issues that really matter to ship owners and chemical and product tanker operators.

You will be able to meet and talk with representatives from Advanced Polymer Coatings about the latest developments of the MarineLine® tank coating system.

## MarineLINE®

Come see why shipowners are specifying the MarineLine® cargo tank coating system that outperforms stainless steel and all other coatings, providing the highest chemical resistance available on the market today.

For more information, visit [the APC website](#).

*MarineLine® has an ultra-smooth, glossy, low energy surface. This reduces venting time, uses less cleaning chemicals and less fuel/energy during cleaning. Ship operators save time and money.*
